1. In accord with the instructions of the Working Group, as expressed in the third paragraph of the minutes of the sixth meeting, the Chairman solicited the vote of _____ in respect to the motion made by _____ follows:

"It is moved that no separate device or medal be established by CIA to distinguish valorous service from other outstanding service."

_____ vote was secured on 9 July and was cast in opposition to the motion. _____ voted against that portion of the motion which would prevent the establishment of a device to distinguish valorous service but voted in favor of the portion preventing the creation of a separate medal. Thus, the vote on this motion at present is in favor three, opposed three, opposed only to the creation of a separate medal, one. This matter will be resolved at a future meeting.

2. Minutes of the sixth meeting were discussed by the Group and approved after _____ explained that the points presented by _____ in respect to the use of lapel buttons for the purpose of identifying recipients of long service awards were prepared as a guide for _____ to use in discussing this matter at the sixth meeting. They were not intended by I & S to be a formal statement of position but were prepared simply as notes to aid _____ in presenting the I & S viewpoint.

3. When this matter was clarified, _____ explained that members of Working Groups are selected to bring their own experience and knowledge to problems that confront the Career Service Committee, the solution to which may or may not be in accord with the policies of their Offices. They are expected to recommend the best solution to a given problem even though it may require modification or amendment to present Agency and Office policies.

4. Discussion of the use of lapel buttons continued with a motion finally being offered by _____ as follows:

~~Security Information~~

"It is moved that the Working Group prepare a list of various types of physical identification which would indicate long service and that each type suggested be rated by the Working Group in terms of effectiveness, desirability and security."

This motion was accepted by the Group with the agreement that each member of the Working Group would submit to the Chairman his list of such devices for incorporation into a common list to be considered by the Group at its next meeting.

5. Inasmuch as the Chairman of the Working Group will be absent during the period 14 July to 28 July, it was agreed that an acting chairman be appointed to carry forward the work of the Group during this period. [] was chosen for the task.

6. [] announced that the Career Service Committee at its next meeting, to be held on 15 August, would expect to consider the final recommendations of this Working Group as its first order of business. [] therefore, urged that recommendations be prepared as early as possible.

7. The next meeting will be conducted by [] as Acting Chairman, at 11:00 on 17 July 1952, 1058 "1" Building.
